

AN ISO 9001:2008 CERTIFIED COMPANY

AquaLead™
LEADER IN PURITY

Healthy Water for better Life

Strong Antioxidant Alkaline pH 8.5 - 9.5

Micro Cluster Water
Activates Water Molecules in our body
improve oxygen level in our body

Enjoy Great Tasting Water

Spares
Water Quality

QUALITY RELIABILITY SUPPORT

ALT14L

- * Purification by advanced RO+UV+UF+Tds Controller and add minerals technology,
- * Mineral rich ,Small water molecule clusters, Antibacterial, low oxidation reduction polarity gives you good health,
- * Wall mounted superier quality water purifier,
- * 12 liters storage capacity,
- * 100% Healthy water for better life from dissolved impurities.

MRP ₹15,990/-

ALW14L

- * Purification by advanced RO+UV+UF+Tds Controller and add minerals technology,
- * Mineral rich ,Small water molecule clusters, Antibacterial, low oxidation reduction polarity gives you good health,
- * Wall mounted superier quality water purifier,
- * 12 liters storage capacity,
- * 100% Healthy water for better life from dissolved impurities.

MRP ₹15,990/-

ALP14L

- * Purification by advanced RO+UV+UF and add minerals technology,
- * Mineral rich ,Small water molecule clusters, Antibacterial, low oxidation reduction polarity gives you good health,
- * Wall mounted superier quality water purifier,
- * 12 liters storage capacity,
- * 100% Healthy water for better life from dissolved impurities.

MRP ₹15,490/-

ALD14L

- * Purification by advanced RO and add minerals technology,
- * Mineral rich ,Small water molecule clusters, Antibacterial, low oxidation reduction polarity gives you good health,
- * Wall mounted superier quality water purifier,
- * 9 liters storage capacity,
- * 100% Healthy water for better life from dissolved impurities.

MRP ₹8,990/-

Change your water change your life

AL 14L

- * Purification capacity 14 - 25 liters/hour by advanced RO and add minerals technology,
- * Available in food grade & Stainless Steel body
- * Totally 6 Stages of purification gives you good health,
- * Wall mounted superier quality water purifier,
- * 100% Healthy water for better life from dissolved impurities.

AL 25L

- * Purification capacity 25 - 50 liters/hour by advanced RO and add minerals technology,
- * Available in food grade & Stainless Steel body
- * Totally 6 Stages of purification gives you good health,
- * Wall mounted superier quality water purifier,
- * 100% Healthy water for better life from dissolved impurities.

AL 50L

- * Purification capacity 50 - 100 liters/hour by advanced RO and add minerals technology,
- * Available in food grade & Stainless Steel body
- * Totally 6 Stages of purification gives you good health,
- * Wall mounted superier quality water purifier,
- * 100% Healthy water for better life from dissolved impurities.

AquaLead water for better health, the only filtration in India that will produce natural Calcium, Magnesium, Sodium, and Potasium ions that can be absorbed maximum in the Humanbody

HIGH QUALITY WATER FOR COMMERCIAL & INDUSTRIAL APPLICATION

RANGE STARTS FROM 250 LPH - 10000LPH

- * Reverse Osmosis significantly reduces the Total Dissolved Solids (TDS), or mineral content, from the water (95%+ removal)
- * Mineral reduction results in significant savings in chemical usage
- * Reverse Osmosis will eliminate the bulk of chemicals required
